EDUCATION

Indraprastha Institute of Information Technology Delhi
B. Tech in Computer Science and Design

Dec 2021 - May 2025
CGPA: 8.1/10

EXPERIENCE

Associate Software Engineer | *National Australia Bank, Gurugram*

Aug 2025 – Present

- Architected an event-driven investment communication service using **Spring Boot, JPA, WebClient, batch schedulers**, automating buy/rebalance/withdrawal flows and reducing operational effort by 80%.
- Led frontend architecture across multiple **micro-frontends** using **React and TypeScript**, introducing scalable component patterns and improving release velocity by 30%.
- Implemented micro-frontend orchestration and **GraphQL** integrations for product origination flows, enabling parallel development and lowering integration defects.
- Built production-grade CI/CD and test automation using **JUnit, AutoX, Harness**, reducing regressions by 40%.

Software Intern | *Infraprime Logistics Technologies Pvt. Ltd., Gurugram*

Jun 2024 – Dec 2024

- Designed and owned a real-time GPS tracking and route optimization system using **Python, FastAPI, Raspberry Pi, Mapp's APIs**, improving fleet efficiency by **~40%** across 250+ vehicles.
- Implemented **edge-based ML inference** using **TensorFlow** and sensor data to detect unsafe driving behavior, reducing risky incidents by **~20%**.
- Built a high-throughput data ingestion pipeline using **Kafka, InfluxDB**, reliably processing 10K+ daily sensor inputs.

Full Stack Developer | *Shashwat Devalay (ADS Lab), IIIT Delhi*

Jan 2024 – May 2024

- Built a cross-platform community service application using **React Native, Expo, Firebase**, enabling real-time coordination between volunteers and service seekers.
- Developed **event management**, automating enrollments and approvals and reducing operational effort by **~40%**.
- Implemented **real-time chat** using **WebSockets**, supporting **1,000+ users** and **200+ small businesses**.

PROJECTS

E-Commerce Microservices Platform | *Java, Spring Boot, PostgreSQL, Flyway, JWT, Docker, JUnit*

[GitHub](#)

- Designed secure RESTful microservices using **Spring Boot and JWT** to manage product, cart, and order lifecycles.
- Integrated Stripe payment processing with webhook handling and Flyway migrations to ensure DB consistency.
- Containerized services with Docker and implemented **CI/CD pipelines** and achieved **95% test coverage**.
- Documented public and internal APIs using **Swagger** and enforced **role-based access controls**.

Weather Monitoring and Drought Assessment for Farmers | *Python, SQL, Apache Spark, TensorFlow*

[GitHub](#)

- Built **scalable ETL pipelines** processing **3M+** agricultural and weather records with high reliability.
- Developed Spark Streaming analytics pipelines delivering **real-time forecasts and drought alerts** to farmers.
- Implemented **time-series regression prediction models**, reducing estimated crop loss by **25%**.

Smart News Mobile Application | *Kotlin, Android, Jetpack Compose, Room DB, Retrofit*

[GitHub](#)

- Developed a modern Android application with **location-aware news delivery**, increasing engagement by 40%.
- Implemented an **offline-first architecture** using Room and Retrofit, improving retention by 25%.

SKILLS

Programming Languages	Java, TypeScript, Python, SQL, C++, Kotlin
Frontend	React.js, React Native, Apollo GraphQL, Redux, Material UI, TailwindCSS, Jest, AutoX
Backend	Spring Boot(Data JPA, Security, AI) REST APIs, GraphQL, JWT, Maven, Gradle, JUnit, Mockito
Databases	PostgreSQL, MongoDB, Redis, Neo4J, Apache Kafka, Flyway
Cloud & DevOps	AWS (EC2, S3, Lambda), Docker, Jenkins, Harness, Vault
Tools	Git, GitHub, IntelliJ IDEA, VS Code, Postman, DBeaver, Splunk

AWARDS

Best Teaching Assistant Award in Human-Centered Design Course under Professor Rajiv Ratn Shah

Sep 2023

Honorarium Award for conducting Prototyping with Figma Session in Design Summer School '24 at IIITD.

May 2024

LEADERSHIP AND COMMUNITY

Volunteer, Vikiran, an NGO dedicated to educating underprivileged students.

Aug 2024 - Present

Lead Organizer, Epoch 24, A hackathon series for ML and AI enthusiasts across Delhi.

Jan 2024 - May 2024

Design Head, CyFuse Club, BioBytes Club, IEEE Club

Oct 2023 - May 2024

President, Fresources Club IIITD

May 2022 - Present
